

PAQUES

Hi, I'm Andy.  
I generate your  
Bioenergy!

## BIOPAQ<sup>®</sup>ICX

# Advanced anaerobic industrial effluent treatment

Flexible anaerobic wastewater treatment based  
on BIOPAQ<sup>®</sup>IC technology and implementable  
in existing assets.

revitalizing resources

## Paques: leading in biological wastewater and gas treatment

For more than 40 years, Paques has been the world's leading company in the field of development and construction of cost-effective purification systems for water, wastewater and gases, based on innovative biotechnology. With over 2,900 reference installations worldwide, Paques has helped companies and municipalities succeed at to one of the major challenges of today: to reduce their water and carbon footprints and reclaim valuable resources.

The biogas produced by wastewater treatment plants can be used as green energy in boilers or gas engines. Beyond our headquarters in The Netherlands, Paques has subsidiaries and/or production locations in Russia, China, Brazil, Argentina, Colombia, India, Malaysia, Thailand, Vietnam, the United States and Canada. In many other countries, Paques is represented by licensed partners. This ensures our local presence and the best service for our clients worldwide.
